IP66 Waterproof

No fear of wind and rain

The camera has a special sealing treatment to prevent water leakage and suitable for various environmental weather.

Three Storage Methods Convenient and Safe

SD card

Support up to 128G SD card

ORVIBO Cloud Storage

First use, free for 7 days

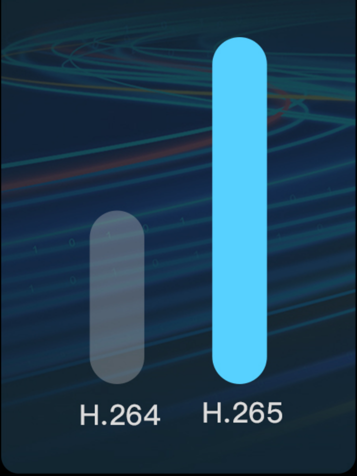
Home digital video recorder NVR

Built-in 4TB hard disk,
up to 8TB upgrade

Next-generation H.265 Encoding 1x The Storage Space

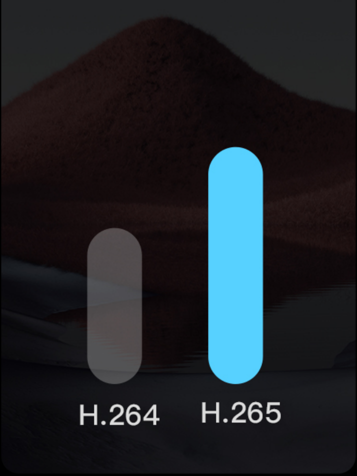
more storage space

100%



clearer picture quality

30%

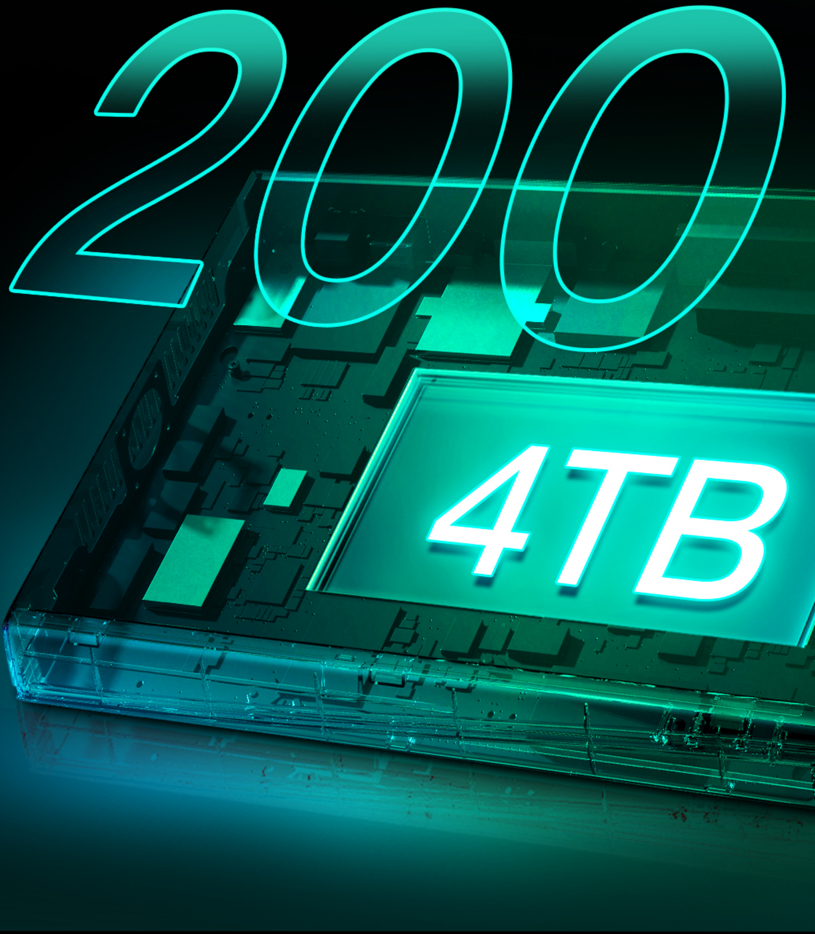


Home Video Recorder NVR

Localized storage for up to

200 days

Built-in 4TB storage, storage time up to 200 days*,
Up to 8TB hard drives can be upgraded.



4x HD Playback

When outputting through VGA and HDMI, the clear picture supports four times magnification; supports 4 million pixels to see the eight-channel camera picture.

ORVIBO 4X
Support decoding 400MP pixels Other 4X
Other 4X

Only decoding 200MP pixels

Parameter

Pixel	IP rating	ITwo-way intercom function
4M	IP66	10 meters

Communication method	Night vision capability
POE cable / 2.4G WiFi	Full color night vision

Storage method	Alarm mode
SD card (Max128G) / cloud storage / NVR storage	Sound and light double alarm

Playback maximum visual multiple

48V POE power supply / DC12V

Playback maximum visual multiple

6X
